NAZIS FLEE IN PANIC BEFORE RUSSIAN DRIVE BERLIN AND WEST GERMANY R.A.F. TARGETS

REDS CLOSING IN ON PORT OF SEVASTOPOL

Waves of Dive-Bombers Reported Strafing Broken and Disorganized Enemy Columns

10,000 ARE CAPTURED

London, April 14—(AP)—Gen. Feodor I. Tolbukhin's fourth Ukrainian army, spearheaded by Cossack cavalry, tanks and motorized artillery, rolled down through the southern Crimea today toward Sevastopol, less than 25 miles away, and Moscow declared that German and Romanian troops were fleeing in panic before the relentless Russian drive to reconquer the peninsula.

Overhead waves of Storm-rik dive-bombers were reported bombing and strafing broken and disorganized enemy columns racing toward coastal evacuation ports in what appeared to be a futile effort to escape the vengeance of the Red Army. Already more than 20,000 Axis prisoners have been captured, a Russian communique said.

Yesterday Tolbukhin's forces formed the capital city of Simferopol, 35 miles north of Sevastopol on the central Crimean railway, and captured the west coast port of Yevpatoryia. In the eastern part of the peninsula troops of Gen. Andrei I. Veremchenko's marine army swept through the port of Feodosiya to Koktebel, eight miles further down the southern coast. A second column thrust to the west to capture the town of Yalta, 11 miles away, to cut off enemy units who had fled from Feodosiya.

Today, the seventh of the great offensive to clear the Crimea, Russian forces had liberated more than three-fourths of its 10,000-square-mile area, had isolated German forces in the western edge of the peninsula from their troops in the south and east by capturing Yevpatoryia and had kept up or destroyed tremendous amounts of enemy military stores and equipment, according to the Moscow bulletin.

Muscovites May Observe Victory

By EDDY GILMORE

Moscow, April 14—(P)—The prospect of the fall of Sevastopol today—gripped the imagination of the Russian people as the Red Army slashed through disorganized groups of Germans and Romanians, many of whom were surrendering by battalions.

Red Star's correspondent, Maj.asily Ignatiev, said "the enemy's morale is cracked at the seams," with being Axis troops out of control and in great confusion, as Gen. Feodor I. Tolbukhin's Fourth Ukrainian Army and Gen. Andrei I. Veremchenko's Maritime Army bore down on the naval base which resisted enemy attack for nine months in 1941 and 1942.

Scores of German and Romanian Italians deserted by their commanders raced for the port in the night Crimean sun but it appeared that even if they reached the sea before the Red army tanks their escape would be impossible.

Associated Press Bulletins

Portland, Me., April 14—(P)—A fire of undetermined cause which killed Oliver T. Sanborn estimated caused damage of more than \$100,000 today swept through a four-story Commercial street warehouse.

Washington, April 14—(P)—The senate special petroleum policy committee turned today to the navy's highest ranking oil expert in its inquiry into the proposed Iran-Arabian pipeline and the foreign oil picture.

Chicago, April 14—(P)—The reported kidnapping in suburban Evanston yesterday of a man police believed was Jack Guzik, gambling boss and former aide of Al Capone, remained somewhat of a mystery today.

Pincering Gradually Closing

Employing twin co-ordinated drives, the Red army has thrust south to take the capital city of Simferopol in the Crimea, and has entirely cleared the Kerch peninsula of Nazi troops. Sevastopol, port where Russians made historic stand in 1942, is prime objective.

Political Spotlight Turns On Maine and Connecticut

By GARDNER BRIDGE
Associated Press Staff Writer

Some indication of who is going to inherit the New England following that had been generally conceded to Wendell L. Willkie may come today when Maine and Connecticut choose their delegates to the Republican national convention.

Willkie himself has made no public move since dropping out of the running and the activity in one of his former political strongholds took on fresh piquancy with the sudden resurgence of a draft-MacArthur-for-president movement.

This was occasioned by the release of some correspondence between General MacArthur and Rep. A. L. Miller, a first-term Republican congressman from Nebraska. This unexpected shot in the arm for MacArthur supporters was tempered somewhat by opposition claims that it had come too late to overcome the lead already gained by the backers of Gov. Thomas E. Dewey of New York.

The suggestion was made too, and by a Republican Senator (Thomas of Idaho), that MacArthur be appointed secretary of war.

Connecticut, first state to vote solidly for Willkie four years ago, names 16 delegates today but they probably will go to the Chicago convention without instructions.

Maine Republicans choose the first six of their 13 delegates.

Meanwhile President Roosevelt appears likely to pick up some more fourth term support at a scheduled meeting today of Michigan Democrats, who will name convention delegates holding 38 votes.

Democrats gathered also in Minnesota, where they were expected to merge with Farmer Laborites preparatory to selecting 24 delegates to the Democratic national convention tomorrow.

Tomorrow will be another busy day (Turn to Page Eleven)

WOUNDED VETERAN HAS 39 CIGARETTE HOLDERS

Phoenixville, April 14—(P)—Lt. Charles W. Spencer had 39 of those "long, jaunty" cigarette holders for his collection today—all of them from the White House.

The yverson sent by one of President Roosevelt's secretaries in response to a remark by Spencer, who lost all his fingers in a bombing raid over Bremen that he wondered where the president got his smoking accessories.

Spencer has received more than 100 holders since he humorously described his difficulties in smoking without them. He is a patient in the army's Valley Forge General Hospital.

Hawaiian Decision Will Be Appealed

Honolulu, April 14—(P)—Martial law in Hawaii, starting point of the Pacific war, was ruled invalid by a federal judge but military leaders proclaimed it still in force today and said violations of general orders would be subject to provost court trials.

The War Department prepared to appeal a decision by federal Judge Delbert E. Metzger that a provost court was without authority to try a navy yard worker and sentence him to prison on conviction of assaulting two Marine sentries.

Judge Metzger, in upholding the release on a habeas corpus writ of the navy yard worker Lloyd C. Duncan, formerly of Sheridan, Wyo., pointed out that both General Richardson and Admiral Nimitz agreed there was no danger of actual invasion.

AIR OFFENSIVE ON CONTINENT IS CONTINUED

Gauged Capital Smashed As Climax to Double-Header Daylight Assaults by Allied Airmen

44 U. S. CRAFTS LOST

BULLETIN
London, April 14, (P)—U. S. Air Forces have lost 203 bombers and 70 other planes in the six-day offensive which began last Saturday, communications showed today. In the same period U. S. gunners and pilots, flying from Britain and Italy, have destroyed an officially announced total of 555 German planes.

London, April 14—(AP)—RAF Mosquito bombers struck Berlin and western Germany last night in climax to double-header daylight assaults yesterday upon aircraft and rail targets by nearly 3,000 U. S. bombers and fighters that bagged 138 German planes.

It was the first blow against the gauged Nazi capital since a Mosquito attack March 25 and a 2,800-ton British raid March 24. All the swift plywood planes returned.

The German raid declared Allied aircraft bombed the Rome area last night culminating 24 hours of unusual activity over that city. There was no Allied confirmation.

Forty-four American planes, 36 of them bombers, were lost in raids from British bases Thursday, and the Allied Mediterranean forces lost 19 ships, 16 of them heavy bombers, in flying 1,800 sorties.

A record fleet of more than 1,100 Mustangs, Lightnings and Thunderbolts of the U. S. Eighth and Ninth Air Forces accompanied the 500 to 750 British-based Flying Fortresses and Liberators that hit the Messerschmitt plant at Augsburg, the ball-bearing factories at Schweinfurt, the Dornier factories and hangars of Oberpfaffenhofen.

Senators Want Voice In Peace Ratification

Washington, April 14—(P)—Strong opposition was building in the senate today for any proposal to permit ratification of a peace treaty by less than a two-thirds vote of that body.

Interest in a modification of the ancient requirement was revived by Chairman Bloom (D-NY) of the house affairs committee, who advocated amending the constitution to permit ratification by a simple majority vote of the two chambers of congress.

This, and three other proposals along similar lines, have been kicking around in the senate judiciary committee for more than a year despite fervent pleas by Senator Gillette (D-Iowa) for their consideration.

One of Gillette's pending proposals—to amend the constitution to permit ratification of treaties by a simple majority vote of the senate—alone reportedly got a cool reception from the full judiciary committee last month.

Problem of Help In Local Plant Increasingly Serious

In the campaign to recruit 500 women for the Sylvania Electric Products, Inc., Manager David Levine, of the War Manpower Commission is meeting with much success and it is to be hoped that every woman who can possibly do so in the county will enroll. The work in the essential plants in Warren is a prime necessity if the flow of material to the men in the front lines is to be continued without interruption. The office of the Commission, 225 Pennsylvania avenue, west will be open this evening until 9 o'clock.

Efforts are also being made to enlist the services of women in the county and on Monday Manager Levine will be at the Township Building in Sheffield at 2 o'clock to interview women and enroll them. On Tuesday S. Davis will be in Tidouate at the Town Hall to also interview women. If sufficient can be secured transportation will be arranged.

Friday it is expected announcement will be made from most pulpits in the county of the need for women. Through the schools the message is being given to girls who graduate in June. They can finish their school work and start work after graduation but it is hoped that they will enroll now.

The problem of help in local plants is becoming an increasingly serious one and is a problem that the patriotic women of the county alone can solve.

Ace Finishes Second Quota Of Missions

By A. I. Goldberg

A U. S. Fighter Base in England, April 14—(P)—Capt. Don Gentile, top American ace in the European theater, may have closed his operational fighter career with his latest mission in which he was injured slightly in a crash landing.

The Piqua, O., ace who has 30 German planes to his credit—23 shot down in aerial combat and seven destroyed on the ground—has long since passed his second quota of missions.

He was going after the top European mark of 32 planes held by RAF Group Capt. G. A. Malan, but had planned it to be his last operational flight in any case.

Gentile, now released from the base hospital where he was treated for minor injuries, had hoped to return home with "Shangri-La"—the plane in which he rode out his operational career. But a crash crew found him sitting on the torn plane's wing after his crash landing.

Gentile did some of the finest flying of his career in lifting his red-nosed Mustang off the turf of this landing field when he returned from that mission and saved himself and a group standing in front of the operations hut.

A friend who talked with him this morning said he could have given three more planes in the air "like sitting ducks" on his latest mission and beaten Malan's record, but he suddenly saw a Focke-Wulf on a companion's tail and left his targets to save his "friend."

Then two Germans got on Gentile's tail and he had to break off in evasive action.

Gentile is highly regarded by his companions.

Commission to Govern Reich After Defeat

By WES GALLAGHER
London, April 14—(P)—Defeated Germany will be governed by a joint American-British-Russian "Allied military government with teeth in it," a reliable source in close touch with Allied armistice proposals declared today.

And, he added, Gen. Dwight D. Eisenhower as supreme commander of the Allied western front forces will be given the greatest authority in history, even greater than that exercised by old Roman generals. Besides commanding all Allied land, sea and air forces, he will exercise direct and indirect control over the civilian life of most of liberated Europe.

The plan for Germany was disclosed in broad outline after it was learned last night that no Allied military government was intended for France. Instead Gen. Charles De Gaulle's committee of National Liberation is to be given control of the civil administration of liberated France, receiving "military recognition" as the official authority but not being granted diplomatic recognition as the French "government."

Details of the tri-power administration of Germany are being worked out by the European commission in conjunction with military chiefs, an informant said.

NAVAL SUPPLY BILL ADOPTED UNANIMOUSLY

Roll-Call Vote of 257 to 0 Is Given Record Appropriation Measure In House

AFTER DAY'S DEBATE

Washington, April 14—(P)—A unanimous house vote sent to the senate today a record-high \$32,647,134,326 appropriation bill for the navy for the 12 months starting July 1.

While the largest for the navy, the bill fell about \$27,000,000,000 short of the all-time high supply bill, for the army, passed last year.

Passage came on a roll-call vote of 257 to 0, after one day of debate devoted mainly to demands from Democrats and Republicans alike that the United States—now possessing the largest fleet in history—keep its place as a top naval power after the war.

The bill will be followed by an estimated \$50,000,000,000 supply measure for the army—\$9,000,000,000 below last year's all-time high for that agency.

Representative Patman (D-Tex.), yesterday blocked passage on a standing vote, and demanded today's roll-call. He insisted that the members go on record on a bill of such importance.

The bill passed through the amendment stage without important change after Rep. Sheppard (D-Calif.), head of the appropriations subcommittee that wrote it, told of the big role the navy must play in pending war operations.

Debate centered mainly on insistence that the United States keep its navy virtually intact in the years following the war.

The size of the navy, as well as the strength of our standing army after the war, are matters to be considered soon by the special house committee on postwar military policy.

The committee, headed by Rep. Woodrum (D-Va.), scheduled an organization meeting today.

DECLINE IS SHOWN IN BUSINESS IN DISTRICT

Pittsburgh, April 14—(P)—Business in this district last week receded the record levels reported at the beginning of April, the University of Pittsburgh Business Research Bureau reported today.

A decline in retail buying and volume of shipments was responsible, the bureau said but the index of business last week stood at 179.8 per cent of the 1935-39 average, compared to 181.7 in the preceding week and 171.7 in the comparable week of 1943.

Hollandia Harbor Defenses Blasted In Massive Attack

At Least One Freighter Is Sunk and Nine Small Vessels Left Burning and Sinking

1,334 TONS DROPPED

By RICHARD C. GERGHOLZ
Associated Press War Editor
The ships and planes with which Japan hoped to revive its smashed defenses at Hollandia, Dutch New Guinea, were left burning and battered after a massive co-ordinated air attack Wednesday. Allied headquarters in the southwest Pacific reported today.

At least one freighter was sunk in Hollandia harbor and nine other small craft were left burning and sinking after the Fifth Airforce pilots had pinpointed their target with one of the heaviest bomb loads in the New Guinea campaign.

Of the 20 Japanese planes that bravely rose to intercept the 200-plane Allied force, eight were shot down—two by the guns of the lightning fighter piloted by America's No. 1 ace, Maj. Richard I. Bong, Poplar, Wis. The two victims raised Bong's total to 27, highest in American history.

During the past two weeks, Allied airmen have smashed Hollandia with 1,324 tons of bombs and destroyed its reinforced Air Force of 288 planes.

Other air war reports told of American bomber attacks ranging from Koepang, Dutch Timor, which is west of Darwin, Australia, to Truk in the eastern Caroline Islands, with way stops at such targets as Wevav, Hansa May, and Madang, New Guinea. Rabaul, New Britain, Kavieng, New Ireland, and Bougainville Island in the Solomons.

Four targets in the Kurile Islands north of Japan were raided by 11th Air Force planes, including the third attack in three days on Matsushima Island.

Allied headquarters in India were admonished by the British-owned Bombay Times to stop concealing the full picture of the Japanese offensive into India aimed at the Bengal-Assam railroad and to stop treating the public "as if it is incapable of appreciating the military situation."

Condition Of Hearing Postponed 17 Babes Still Unchanged

New York, April 14—(P)—General Sessions Judge John J. Freschi today postponed until April 21 a hearing on an order requiring Edward V. Broderick, council for Wayne Loneragan, to show why he should not be held in contempt for his conduct at Loneragan's murder trial.

The jurist acted after an associate of Broderick's appeared in court with an affidavit stating the attorney was unable to be present because he was engaged in another court.

The contempt proceedings resulted from the first unsuccessful attempt to try Loneragan on charges of killing his heiress wife, Judge Freschi finally dismissed the jury panel, saying Broderick's conduct "made a fair trial impossible."

Broadcast Starts Invasion Rumors

New York, April 14—(P)—A brief flurry of invasion rumors was set off last night by a Canadian report of a German broadcast that "an invasion force headed by Canadians" had landed in France south of Calais—but it apparently was simply a garbled version of a Nazi "we dare you" warning mentioning the Dieppe landing in 1942.

In London, the broadcast was described as "entirely untrue from beginning to end."

Speculation ranged from guesses that it might be the real thing or another commando strike to the suggestion it might be a German or even an Allied smokescreen.

Romance Blooming Among U. S. Airforce Glamor Girls

A U. S. Marauder Base in England, April 14—(P)—Romance is blooming among the United States air force glamor girls—the aerial evacuation nurses. Two of them disclosed their engagements to fliers today.

Last February, Lt. Marion Hemmesch of New Rockford, N. D., met Capt. Jerold Wendt of Napoleon, Ohio, a Marauder pilot, at a London Red Cross club. When aerial nurses were being dispatched from their bases to operational stations for experience in handling wounded, the two managed to arrange for Marion to be assigned to Wendt's base.

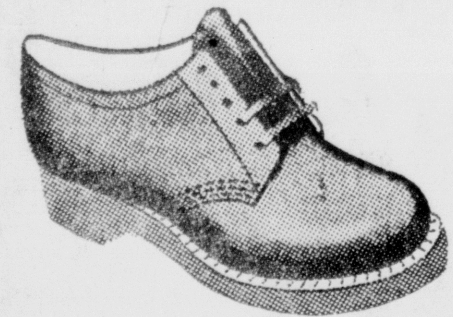

Now with official permission to marry granted, they've just been waiting for the papers to accumulate the necessary signatures.

Lt. Florence De Luca of Stoughton, Mass., former head nurse at Boston City Hospital, similarly is plowing her way through the paper preliminaries for her marriage to a Thunderbolt fighter pilot, Capt. Earl Abbott of Erie, Pa.

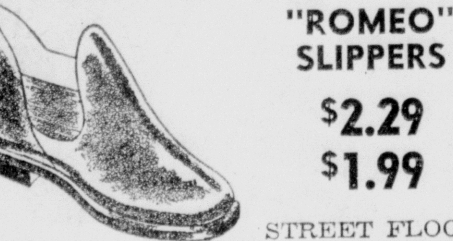

They met at a hospital at Westover Field, Mass., where she nursed him through spinal meningitis in December, 1942.

Outing Club Floor Show Excellent One

One of the best floor shows ever seen in Warren is now being presented at the Marconi Outing Club and Joe Bevevino is being congratulated on the well balanced bill. Mr. Bevevino, entertainment director has presented some excellent shows in the past but this show is outstanding.

The bill is headed by Clem Bellings and Co., an outstanding novelty act which is really sensational and which has appeared internationally. Margo, the Mexican Spitfire has been brought back by the request of the patrons, and this little fireball presents some quaint songs in a most refreshing manner. Plenty of personality with much talent marks her work. Irene Dunn a personable tap dancer is lovely to look at and her routines bring much applause. Throughout the entire show Quitsie, the clowning M. C. keeps the audience in good humor. He gives some excellent impersonations of Lon Chaney, Dr. Jekyll and Mr. Hyde, Frankenstein and many others.

All in all the show clicks in fine shape and the Club is now serving some delicious sandwiches. The show will be presented tonight, Saturday and Sunday and those who appreciate really good entertainment will do well to be present.

CUTS 25 CORDS OF WOOD
Alvin E. Hanks of Goodwill Hill was 83 years old yesterday, but it was just another day with him except that a few friends who happened to know of the birthday called on him.

In spite of his years, Mr. Hanks is in good health and this winter has cut 25 cords of wood, using bucksaw and ax. And there is nothing wrong with his appetite. He told one of his callers yesterday that he and the cat consume among other things, eight loaves of bread a week. Aside from the cat, Mr. Hanks lives alone.

MOVIE ANNIVERSARY

In connection with the announcement that today marks the 50th anniversary of the first movie theatre opening, it will interest many of his friends to learn that it will be thirty years in May since George C. Sarvis, manager of the Warner Brothers' theatres in Warren, arrived in town to become soloist in The Haral theatre, now known as the Columbia, then operated by Harold Sandstrom, who previously filled a similar position with a theatre in Hickory street where the New Process Company is now located.

The occasions incidentally serve to bolster the truism that it doesn't take genius to make money—and vice versa.

For it wasn't Thomas A. Edison, the inventor, who gathered in the first public coin from "kinetoscope." It was an enterprising, now forgotten man named Lombard who rented 10 of the peep-show gadgets from Edison, set them up in a New York shoe shop, charged passers-by a quarter a peep on this April evening to pay for his dinner, and collected \$120 for the cinema's impromptu world premiere performance.

Meanwhile, Edison's lawyer urged the inventor to patent his kinetoscope in Europe. When told it would cost \$150, however, the Wizard of Menlo Park replied, "It isn't worth it."

PAPER AND STRING

We Americans are growing more frugal, but might do still better. Take the rather obvious matter of paper, for instance. People have to carry a lot of things home from stores without getting them wrapped up. It is troublesome and sometimes messy. But consider the basic facts.

Paper and paperboard are needed more and more for war purposes. Military shipments require containers to a much greater extent than can be supplied by available woodpulp. The newspapers are obliged to make drastic reductions in their use of paper, and the supply is expected to fall this year nearly 20 per cent below that of 1941. So everybody has to economize.

The fact is that paper is becoming precious. It is now so scarce and valuable in England that most English newspapers are down to four pages, and advertising is greatly curtailed. Of the many kinds of thrift and conservation necessary today, saving paper is one of the most important.

Who remembers when it was considered witty to call anybody an "old string saver?" Saving string, too, has become respectable and patriotic. Rubber bands are of inestimable value.

BLOOD BANK DAYS

Monday and Tuesday are Blood Bank Days in Warren again. This means that almost 400 citizens in the borough and county have appointments to present themselves at the municipal building to give a pint of blood each during the stay of the Buffalo Unit of the American Red Cross.

Warren county donors have demonstrated in the past that they need only this last-minute reminder to keep appointments made for them according to schedule. This community has an enviable reputation in its support of all Home Front projects, and particularly the Blood Bank. It is a foregone conclusion there will be no laggards found among the donors enrolled for Monday and Tuesday.

The local office of the U. S. Forest Service, in an article received today, calls attention to the increasing danger of forest fires, stating that in spite of the rain and snow of the past couple of weeks high winds are rapidly drying up the woods, and there is great need for extreme caution on the part of those planning to go trout fishing tomorrow. Remember the slogan—"Prevent Forest Fires and Help Speed Victory."

Warren county women and girls who find it impossible to join one of the numerous branches of the Army and Navy, may still do a good service for their country by enrolling in one of the local war industries now appealing for additional female help.

Cost of Living in the State Showed Drop in February

State College, April 14.—General business in Pennsylvania during February improved 12 per cent over February 1943, according to the monthly business survey of the Pennsylvania State College.

New Castle led the State with a gain of 25 per cent, and Sharon was second with a gain of 21 per cent. All leading industrial areas reported an increase with the exception of Easton and Williamsport, which reported losses.

State industrial activity reached its highest point in history, the report shows. The index of industrial activity, based on the years 1935-1939 as 100, rose to the all-time high of 240.

The cost of living in Pennsylvania showed another slight decline in February with a reduction of 1.3 per cent in food prices largely responsible. Living costs the survey shows, are now up 3 per cent from those of February 1943 and 23 per cent from January 1941.

The survey for Warren shows: Postal receipts for February totaled \$39,186, the highest February volume since 1941 and a gain of 3 per cent over a year ago. From January to February they made a better than seasonal rise of 26 per cent. Receipts for the 2 months were 3 per cent ahead of last year.

Industrial power sales made a new February peak and gained 2 per cent over 1943. From January to February they rose 6 per cent or less than the expectation. Sales for the year to date were 3 per cent ahead of 1943 in that period.

Building operations were \$5500 against \$6000 in January. No operations were reported a year ago.

Telephones in service on March 1 were 5774 or an increase of 192 in the past 12 months. During February a net loss of 10 stations was announced.

New car and truck sales in Warren county were 2 against one a year ago and 2 in January. Sales for the 2 months ran 4 against one last year.

Factory employment in the 5-county Kane-Oil City area increased 4 per cent over that of a year ago. From January to February it rose 1 per cent which was the expectation. The index, using 1935-1939 as 100, remained stationary at 129.

Employment for the 2 months averaged 4 per cent above last year. Factory payrolls were at the best February level shown in any recent year and gained 11 per cent over 1943. From January to February they made a better than seasonal

rise of 6 per cent. The index, using 1935-1939 as 100, increased to 244, a gain of 3 points over January. Payrolls for the year to date averaged 8 per cent above last year.

Interesting Items Taken From The Warren Evening Times

In 1924

At the congregational meeting of the First Presbyterian church held last night action was taken increasing the salary of the Rev. Raymond Kistler, pastor of the church to \$6000, an increase of \$1000.

Carl Kennedy has moved his family to Irvine from Althorn where his home was destroyed some time ago. They came to Irvine and purchased the Halvick house which they have placed in a most cozy condition.

Woolen socks of a fine grade were issued to the men of Company I at the drill last night. This is the first issue of this kind of socks since the war. The men are now almost all equipped with government issue uniforms and accoutrements.

According to figures at the Court House 83 divorces were granted in this county last year. Sixteen men and 46 women sought separation from their mates.

The borough budget as shown by figures in The Times for 1944 amounted to the sum of \$45,143; for this year the sum is \$112,000. (The cost of the fire department and police department for 1944 alone amounts to the sum of almost \$65,000).

Plans are shaping up for the annual Commencement exercises of the Youngsville High School which will be held May 31st. The speaker for the Commencement program will be the Rev. T. S. Dickson, of Warren.

The first performance of the YMCA circus seemed to be all that anyone could wish for judging by the expressions heard following its close last evening. The program contains much of interest and all numbers were well presented. Another big crowd is expected this evening.

Memorial services for the late Ralph Stone were held yesterday afternoon at a special session of courts. A fitting eulogy had been prepared by a committee composed of W. S. Clark, Sidney Blackman, T. L. Hampson, E. H. Boshlin and Edward Lindsey and this was read.

The new Savoy Cafe opened last evening and there was a large number in the place during the evening. A chef from Buffalo presided and at the bar excellent cocktails were prepared for serving. The place promises to become highly popular with Warren folk.

Farm milk production of the United States reached 55,460,000, 000 quarts in 1942.

Customary Critical Spring Forest Fire Season At Hand

Recent snows and rains have been a favorable factor in preventing forest fire damage, says Acting Forest Supervisor G. E. Sinney. Prevailing sunshine and wind during the past few days has quickly dried out the dead leaves in the woods and the open areas of grassland and bracken are fast becoming tinder dry. The customary critical spring forest fire season is beginning and the cooperation of all persons is necessary if large forest fires are to be avoided. Four fires have already occurred and were kept to small burned acreage due to early discovery and quick suppression by fire wardens and their crews. The warden organization has done a splendid job in suppressing fires for many years and have kept down to a low figure the damage to timberlands that would have otherwise been suffered by the owners of these lands. A small uncontrolled fire rapidly becomes a large fire, and extensive loss of property values results. Farm buildings and homes are burned in many instances, says Sinney. A recent study of fires by causes reveals that 95 percent of all forest fires are the result of carelessness of man with fire. It is more necessary than ever before that we all be extremely careful with all forms of fire this year. Our young men are in the Armed Services. Industry and the production of food requires the services of our men, and many women. The causing of a fire which requires that labor be taken from factories and farms is of direct assistance to the enemy.

The fishing season opens on Saturday, April 15, and hundreds of nimrods will be on the many streams that have been recently stocked with legal sized fish. This condition represents a heavy risk, which combined with the dryness of the forest floor, presents a critical situation which will continue until the new green growth becomes established during the latter part of May. Smokers, campers and debris burners are accountable for many fires each year. Observation of the following safe practices will drastically reduce fire occurrence:

1. Crush out your smokes, use your ash trays.
2. Drown your campfires; stir, then add more water.
3. Break your burned matches, then pinch till the last spark is dead.
4. Find out about the law—and a permit—before burning brush or grass or debris; then follow safe rules.

5. Remember that this is an emergency year. Be more careful than ever to prevent forest fires. Let's stop, think and be careful. Keep your forests green.

Sore Tender Aching Feet

Moore's Emerald Oil
Guaranteed to Stop Distress and Soreness, Banish Offensive Odors

In just one minute after an application of Emerald Oil you'll get the surprise of your life. Your tired, tender, smarting, burning feet will literally jump for joy. No fuss, no trouble; you just apply a few drops of the oil over the surface of the foot night and morning, or when occasion requires. Just a little and rub it in. It's wonderful the way it ends all foot misery, while for feet that sweat and give off an offensive odor, there's nothing better in the world.

It's a wonderful formula—this combination of essential oils with camphor and other antiseptics so marvelous that thousands of bottles are sold annually to soothe and loosen up corns and calluses.

Every good druggist guarantees Moore's Emerald Oil to give you satisfaction or money back.

Tragedy Marks State's First Blackout Since First of Year; Called Successful In Warren

By the Associated Press

Tragedy marred Pennsylvania's first practice blackout since January when Henry Coady, 67, father of 14 children, was instantly killed by an automobile at Bellwood, near Altoona, last night while performing his duties as an air raid warden.

Dr. Daniel Replogle, Blair county coroner, said the vehicle was driven by a soldier who said he was unaware of the air raid test. Coady, crossing the darkened street, attempted to avoid the car. Dr. Replogle said, but a tender struck him and hurled him through the windshield.

Directors of Pennsylvania's Defense system agreed today, after appraising the results of last night's test, that observance in most of the state's cities and towns was good.

The State Council of Defense said the test was called by the army, Philadelphia and Pittsburgh reported a difference in the time the signals were received. The first blue sounded in Philadelphia at 9:51 p. m. and in Pittsburgh at 9:58 p. m. The all clear was sounded throughout the state at 10:27 p. m.

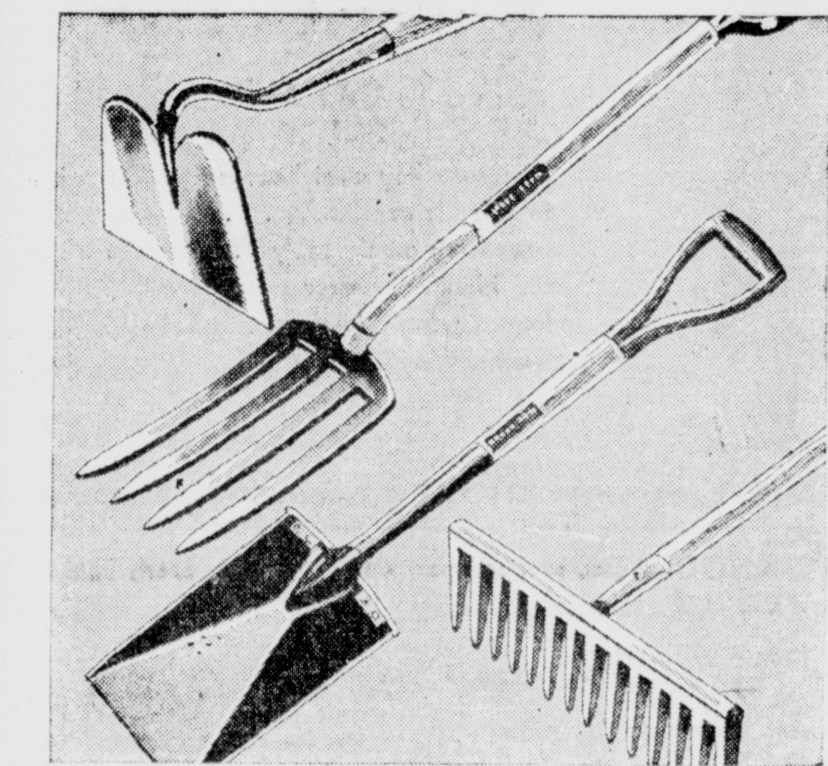

In Waynesboro, where officials earlier in the year declined to participate in the tests, but later agreed to cooperate, Defense Commander Ralph B. Whisler said there was "almost 100 per cent turnout" of civilian defense volunteers.

In Warren the blackout was observed in good shape. Only one bad violation was known and that was on a flood light, with no emergency switch, which blazed merrily during the entire time. The alert was a complete surprise to all concerned. While many had been looking for a test this month none knew just when it was coming.

One siren stuck and tooted a solo until shut off and there were no incidents arranged. The Control Center staff assembled in fast time and the whole OCD services were on duty quickly.

While the workers at the Control Center were assembled Commander Forest Waite presented a 1000 hour service ribbon to Harold Passinger, who was not present last Wednesday evening when the other ribbons were awarded.

Sunday's program promises to be an inspiring presentation of great sacred music.

Reward Will Be Paid For Christ Nelson

The Warren Federation of Fraternal and Social Organizations has offered a reward of \$100 for the location of Christ Nelson, 71 year old Pleasant township man who disappeared March 28. It will be remembered that Nelson was employed as a watchman at the plant of the Warren Mirror Works and disappeared after he had received his pay on Saturday March 28. Search extensively made has failed to reveal his whereabouts.

Teletype messages have been sent out by the State Police and a diligent search has been made by local and State Police but all to no avail.

Feeling that the offer of a reward would spur further efforts along the river to find the body, if it is in the stream, the Federation of Clubs last evening decided to offer the reward.

TO ADDRESS DOCTORS
The medical staff of Warren State Hospital will be hosts for the meeting of Warren County Medical Society to be held at 4:30 p. m. Tuesday at the YWCA activities building. Speaker will be Nelson A. Johnson, director of the social service department of the same institution, whose topic will be "Factors in Planning Medical Care".

CHILD HIT BY CAR
Police yesterday investigated an accident that took place at 4:15 p. m. when Carol Jean Noren ran in front of the automobile of Lloyd Rankin, 104 1/2 North Carver street. The child with her parents was on the north side of Pennsylvania avenue when she suddenly darted into the street and ran across into the east bound line of traffic. Rankin was driving slowly and stopped his car at once. The child was taken to the hospital where it was found her injuries were not serious and she was discharged. The little girl is the daughter of Mr. and Mrs. Frederick Noren, 7 Hazeltine street.

Lieut. Kempf Wins Acclaim For His Flying

Eastern newspapers, including those in New York, have made much recently of the feats of a certain Sgt. Miles E. Kempf, who is one of Col. Philip Cochran's Air Commando Forces and, of greater interest, a grandson of Mrs. E. C. Jones, of Mill street, Sheffield. His parents, Mr. and Mrs. K. P. Kempf, formerly of Sheffield, have moved recently from Troy, N. Y., to Schenectady and have sent some of the clippings to Mrs. Jones. One of these, from a Schenectady daily, reads in part: "Sgt. Miles E. Kempf, 26, in on an errand of mercy in the jungles of Burma. He is one of Col. Philip Cochran's Air Commando Forces. His job is to fly a light plane into the north central Burma jungles to rescue wounded British. He takes off from an air strip far behind the Japanese lines, lands in tiny clearings in the jungles, then returns to the Burma base with the British casualties. Frequently he is required to land his plane under fire. He makes hazardous trip after trip to get the wounded out of the jungle and to dressing stations where the can be tended. His whole unit is composed of liaison pilots who are mostly staff and master sergeants. The unit is considered one of the hardest working forces of the Air Commandos."

DAR Members Hear About Life of Chaplain's Wife

A large number of members and friends of General Joseph Warren Chapter, Daughters of the American Revolution, had the pleasure of hearing Mrs. H. A. Rinard recite some of her experiences as the wife of an army chaplain at the regular meeting Thursday afternoon at the YWCA. Mrs. Rinard has been stationed with her husband in places ranging in distance from Fort Niagara to Honolulu and the many problems she met in entertaining unexpected guests, acting as counselor to wives and mothers, and teacher to the children gave an interesting glimpse of the responsibilities of a chaplain's wife. Mrs. Rinard told, also, of the social life at different army posts and spoke very highly of the native Hawaiians, whom she found to be a happy and lovable people.

The regent, Mrs. Leon Laskaris, opened the business meeting by reading the objectives of the national society and the chaplain, Mrs. A. F. Kottcamp, led the devotion. Routine reports were followed by election of the following nominating committee: Mrs. Fred A. Schuler, chairman; Miss Ethel DeForest, Mrs. Fred E. Wendelboe, Mrs. Gilbert Buerkle and Miss Katherine Mead.

Concluding, Mrs. Kottcamp and her committee served tea at a table appointed with small flags and lighted with white tapers. Mrs. A. H. Wickstrom and Mrs. W. E. Lutz, past regents, presided.

An out of town guest was Mrs. Sanford Secor, of Sheffield.

Scene From Play

Warren audiences are to have the pleasure of seeing two performances of Margaret Sidney's "Five Little Peppers" when the Clare Tree Major Children's Theatre cast appear in the dramatized version at Warren High School next Monday.

Requests from the public, many of whom were turned away from Clare Tree Major plays here in the past several seasons, have made it necessary to schedule an evening performance of "Five Little Peppers" on Monday. The sponsors, the Community PTA Council, have planned an evening show at seven o'clock in addition to the four o'clock matinee in order to satisfy this demand.

Mrs. Walter Mather, ticket chairman, reports that there are no tickets available for the matinee, since these were all disposed of last fall, but that there will be tickets at the door for the evening show.

"The Five Little Peppers" is a tale of the Pepper family, living all together in a little brown house in a New England village. They had no father and their life was a constant struggle to make ends meet. But everyone worked hard and helped and, despite their poverty, they were a devoted and united family. The bright and joyous future that open up for them at the end of the story proves a climax of which all audiences approve most heartily.

Over 11,000,000 cords of chestnut tree trunks are standing in North Carolina's forests.

Couple Marry In Evening Ceremony

At nine o'clock last evening in the home of Mrs. Josephine Thelin, 26 Mead street, Rev. S. R. Schieb, of Salem Evangelical church, united in marriage her son Carl John Thelin, mechanic's mate third class, and Esther Adeline Lauf-fenburger, of Hemlock street extension.

The bride wore a suit of air force blue, with red accessories and a carnation corsage. Her matron of honor, Mrs. Selma Moore, of Clarendon, wore an American Beauty red suit, white accessories and carnation corsage. Raymond Bauer, of Warren, was best man.

A reception followed for about 40 guests. Flowers were used in attractive decorations and a miniature sailor and his bride topped the three-tiered wedding cake which was cut by the newlyweds. The bridegroom's sister, Mrs. Marshall Mathis, presided.

Following a wedding trip to Toledo, O., the couple will be at home to friends on Hemlock street extension until the bridegroom returns to Camp Parks, Calif., at the end of a 30-day furlough. Prior to entering the service, he was employed at Struthers-Well and Mrs. Thelin is an employee of the Warren Baking Company.

P.T.A. Council Plans Meeting

The Community PTA Council announces its final program meeting will be held from 7:30 to 9:30 Tuesday evening, May 3, in the high school auditorium.

Mrs. Walter P. Mather, chairman of the program, has arranged for a community recreation panel discussion to which the public is invited. The special committee on community recreation will assist in the program, presenting different angles of the problem.

The council has demonstrated its concern in finding a satisfactory solution to Warren's particular needs, both in sponsoring a previous lecture by Judge Allison D. Wade at the high school and in the forum of the air dealing with the youth problem.

This meeting will give opportunity to anyone in Warren interested in hearing about the development of the community recreation program proposal and a discussion of the most advantageous procedure for further development.

Exact program details will be announced in a later issue. In the meantime, all interested organizations and individuals are given a cordial invitation to attend this meeting.

WARNS OF CORN BORER
Harrisburg, April 14.—(P)—Farmers and victory gardeners of Pennsylvania were urged today to take immediate action to halt the damage by the European corn borer, which last summer damaged \$1,000,000 worth of sweet corn in this state. Miles Horst, secretary of agriculture, said "even greater losses could be expected next summer unless preventive steps" are taken now.

STRANGULATION OF CHILD INVESTIGATED

Nanticoke, April 14.—(P)—Police began an investigation in the death of 13-year-old Celia Kundra whose body was found yesterday in a bedroom of her home by an elder sister, Eleanor.

Dr. J. F. Roth, pathologist for the coroner's office, gave a verdict of "homicidal strangulation." Chief of Police John Smerski said the girl's mother, Mrs. Julia Kundra, had been placed under observation at the women's detention ward of Luzerne county prison, but that no charge had been placed against her.

FARM PROBLEMS ARE UP FOR DISCUSSION

Harrisburg, April 14.—(P)—Members of almost a score of Pennsylvania farm organizations gathered here today to discuss and seek a solution to the state's pressing milk price-production situation.

Governor Edward Martin is scheduled to address the session which is expected to attract several hundred farmers from every part of the state.

Local Interest In Late Wedding of All-American Star

Local sports followers will read with much interest the following excerpts taken from an illustrated article appearing in the April 8 issue of the Denver, Colo., News:

In the presence of nine friends, Second Lt. Georgia Ward, Air-WAC recruiting officer, became the bride of Lt. Charles (Chuck) Hyatt, all-American basketball star, yesterday afternoon in Montview Boulevard Presbyterian church.

The pretty brown-haired bride wore the WAC officer's uniform and carried a bouquet of white carnations. She was attended by Mrs. Robert M. Fleming and Lieutenant Hyatt's best man was Maj. Robert M. Fleming.

Following the ceremony, a small reception was held in the home of Mr. and Mrs. Forrest Claycomb. When they return from their honeymoon, for which a three-day leave was granted by the Army, Lieutenant and Mrs. Hyatt will be at home to their friends in the Argonaut Hotel.

The bride is the daughter of Mr. and Mrs. William J. Ward, of Dover, Del. She received a second lieutenant's commission from the WAC officers candidate school in Des Moines and was sent immediately to Denver, where she has been stationed since September.

Lieutenant Hyatt, who is known as "Chippie Charley" in the sports world, won an all-America title while he was playing basketball for the University of Pittsburgh and again when he played with Universal Studios of Hollywood, the first time the AAU tournament was held in Denver. He became coach of the Phillips "66" team and in 1940 this club, under his direction, won the world's AAU championship.

He was commissioned a second lieutenant a year ago at Miami Beach and has been in Denver with the WAC Procurement Office since October. Last week at the National AAU tournament here, Hyatt was awarded, for the fourth time, an All-America title.

FARMINGTON UNIT
The regular meeting of the Farmington PTA was opened with the group repeating the Lord's Prayer, followed by routine reports and other items. Two communications were read and Hazel Ludwick and Hazel Kays were appointed delegates to the all-day meeting to be held by Warren County PTA Council. An appeal was voted to secure congressional support in extending the school lunch program.

Plans were discussed for a rummage sale to be held May 4-5, with the following committees in charge: Doris Stanton, Ruth Swanson, Helen Lindell, Isabel Rapp, Vidella Strickland and Hazel Kays. T. R. Sponser presented Arlene Schnure, home economics advisor, who asked for indication of interest by the community in a series of lessons on drying and preserving foods.

Doris Engstrom presented an outline of her program, which was in the form of a musical pageant given by pupils of all grades in the school. An added feature was a violin solo played by Chester Anderson and all enjoyed an educational movie, "Pop Rings the Bell," shown by Miss Schnure. Refreshments were served then by Nina Spicer, Anna Barney, Leona Walters, Florence Parker, Margaret Wilcox, Mrs. Sloan, Mrs. See and Margaret Hedges.

Members were reminded by Principal Lawrence Orner of the need for Red Cross blood donors and the visit of the mobile unit in Warren next Monday and Tuesday.

McCLINTOCK UNIT POSTPONES MEETING
Because of the Clare Tree Major play at the high school Monday evening, the regular meeting of the McClintock PTA has been postponed until 7:30 p. m. Tuesday.

IRVINE UNIT
The regular meeting of the Irvine PTA will be held at 7:30 p. m. Tuesday, when the Boy Scouts will have charge of the program and Farm Agent O. C. Tritt will show slides on vegetable gardening.

—SUNDAY SERVICES IN WARREN CHURCHES—

Easter Observed In Many Countries By Julian Record

Ukrainians, Greeks, Russians, Serbians, Bulgarians and many other nationalities will observe Easter on Sunday, April 16, and many will read with interest the following paragraphs devoted to this celebration:

The tropic, or canticle, of the Divine Liturgy (Holy Mass) of St. John Chrysostom for Easter reads: "Christos Voskress! Vo istinu Voskress!" Translated this means "Christ is Risen! Indeed He has Risen! Christ is risen from the dead, by death He conquered death and to all within the graves He bestowed life."

The observance by Ukrainians, Catholics and Orthodox at this date, which is movable, has been celebrated since the introduction of Christianity into ancient Russia by St. Volodymyr the Great.

The wrecking mania of modernity has not prevailed upon the time hallowed custom and as a consequence they adhere to the Julian calendar in observing the solemn ecclesiastical holy days.

Sunday morning Holy Mass will be celebrated in all such churches according to St. John: "In the beginning was the Word, etc." will be sung. The bells in the belfry shall toll after each sung verse, which is twelve times in all. This ritual symbolizes the resurrection of Christ and the redemption of mankind.

May the war torn world, which has been lulled into a profound lethargy of irreligion, focus itself during this joyous season and heed the admonition of Christ: "Without me you can do nothing."

May the Risen Christ bring joy and hope to all for a better and peaceful world.

LUDLOW

Ludlow, April 10—The Good Friday service was held at 7:30 o'clock with the Reverend Carl W. Nelson of Wilcox officiating in the Communion service. The choir sang "When I Survey the Wondrous Cross" with Carl Swanson singing solo parts.

The Easter service began at 8:00 o'clock in the morning with the Reverend Nelson conducting this service. Special music was given by the choir and a solo, "Open the Gates of the Temple," was given by Mrs. Emil Nelson.

The children's Easter program was given at four o'clock with a large attendance with Gustav Olson, superintendent of the Sunday school, in charge. The Primary program was under the direction of Mrs. Leroy Johnson and Miss Nan Nelson and musical direction was given by Mrs. Gustav Olson.

The program used was "It Began To Dawn", arranged by Clifford Angsar Nelson, which was divided into five parts with the entire graded section of the Sunday school participating. Readers were Paul Johnson and James Cochran. The Processional and Recessional were used. Parents are always appreciative of the efforts made by the Sunday school teachers for these programs.

Arrangements have been made for a film of Lutheran World Action pictures to be given in the Lutheran church on the last Thursday evening of the month, April 27. Everyone is invited. The usual Luther League will be postponed until May.

The operetta, "The Magazine Princess," written by Estelle Merdymon with music by Adele Bohling Lee was given on last Wednesday evening to a capacity audience at the Ludlow high school. Miss Mary Catherine Maxwell, music supervisor, produced the operetta which showed the results of much training and interest. Parents and friends all join in complimenting the director and participants. The following took character parts: Carol Carr, John Straneva, Paul Johnson, Joyce Wallin, Maxine Wallin, Keith Gilfert, Louise Nelson, Thomas Nelson, Dorothy Bulcz, Bernal Sowa, Raymond Ciprich, Edward Kisko,

as assistant leader; Troop 23, Youngville—Wanda Finlan, Valda Luvson, Jane McDowell; Troop 24, Ludlow—Bathurst, Barbara Benson, Jean Crossett, Nema Glassman, Pat Lawson, Jean Mathews, Barbara Skistrom, Patricia Johnson, Rachel Smith, Rosemar Stricker, Mary Margaret Wade, leader, and Adele Erickson.

Mrs. Wilbur Johnson was hostess to the Ludlow Ladies' Aid at her home on Wednesday afternoon April 7. The president, Mrs. R. H. Wenstran, conducted the meeting and the usual business was discussed. There was a good attendance. The hostess served refreshments at the close of the meeting.

The Ludlow Study Group was entertained on Tuesday afternoon April 6, at the home of Mrs. E. W. Johnson. The meeting was opened by the president, Mrs. Julius Swanson, after which the business meeting was held.

SPORTS of all sorts

Trout Season Opens With Streams High and Muddy

Tomorrow is the day all faithful trout fishermen have been looking forward to for months passed. On that day they will be forth with rod and reel and do their best to tempt the big brownies, rainbows and speckled beauties out of their favorite pools into the creels carried by the anglers. From all indications the streams will be high and muddy and with more rain promised for tonight and Saturday the opening day is not expected to produce any record catches.

For weeks past the dyed in the wool fishermen have been haunting the sporting goods stores in an effort to add to their tackle but most of their efforts have been in vain. Rods, reels and hooks are scarce and several of the stores have been limiting the supply of hooks which they would sell.

With the clearing of the streams the season promises to be one of the best in years. Last year the number of fishermen was small and the catches were meager so that the big fellows should still be in the streams. The past winter has been a good one for the

propagation of the fish and the number in the streams has been added to by extensive stocking carried on this spring by the

sportsmen. In the Allegheny National Forest the forestry department has carried out a program and in other streams of the county thousands of legal sized trout from the state hatcheries have been placed in the streams. These will all be fair game and under good conditions will bite readily.

The number of Waltons on the streams will be heavy tomorrow as the sale of fishing licenses has dropped over the county and every place where the licenses are sold reports a drop from last year. More women than ordinarily are expected to be out.

Dodgers Stage Comedy Of Errors In Defeating the Phils

New York, April 14.—(P)—Among all the uncertainties surrounding wartime baseball, the fans can cling to one tried-and-true formula—the Dodgers are always the Dodgers.

Take for example the typical Dodgers doings of yesterday's Red Cross benefit game at Ebbets Field, in which Brooklyn triumphed over the Phillies, 13 to 11.

To start, ex-Dodger Fred Fitzsimmons held his old team hitless for the first two innings in his first major league game since he became manager of the Phillies. That feat must have eased the divided loyalties of Hilda (The bellringer) Chester, No. 1 Dodger fan and employee at Fitz's bowling alleys.

In the fifth Bill Hart and Stretch Schultz tried to occupy third base at the same time, with the result that they both were run down for a double play. Dixie Walker, an uncomfortable third baseman,

rushed in for a pop fly in the sixth then pulled up and let it fall for a hit. And in the same inning, with two on base, Louis Olmo made a brilliant catch of a fly and then stood holding the ball, evidently thinking it was the third out, while two Phillies scampered home.

Olmo redeemed himself in the eighth when he belted a triple with two on base to tie the score and then stole home with the deciding run. And, as an added feature, Augie Galan, a switch hitter for more than ten years, batted left handed against southpaw Wilbur Reaser in the fourth and clouted a home run.

Harris, April 14.—(P)—Minor league baseball will survive another year unless the Major circuit raid the smaller loops to fill manpower gaps. Bucky Harris, manager of the Buffalo Bisons of the International League predicted today.

Back in the minors after 22 years as a big leaguer, the man who led Washington to its first world championship in 1924 and managed the Philadelphia Phillies part of last season, foresees a banner year for the national pastime on the eve of another campaign.

"Give baseball some close pennant races and the crowds will turn out in full force," declared the Bison's pilot, "but if the major league clubs that own minor league franchises raid their farm teams they will wreck baseball."

During the past four weeks Harris has had 35 men working out at this resort training camp, with 15 of his players listed as 4-F's and six holding army discharges.

OSAGE, BREADFRUIT COUSINS

The common Osage orange, or hedge apple, of the midwest is a cousin of the breadfruit, famous product of the south Pacific islands.

Final Match Won By Irvine Gunners

In the final match of the season with Titusville Rifle Team, the Irvine gunners made it a clean sweep of four straight by tallying a 943 to 932 win. For Titusville, Lindquist fired 195 out of a possible 200, but lacked support from his team mates. Dutch Schultz with 192 was top man for the locals. The match took place at the Warren armory range.

Scoring Record Is Made By Montreal

Montreal, April 14.—(P)—Hector (Joe) Blake, veteran captain of the Montreal Canadiens' club, had a new playoff scoring record today as a reward for leading his club to its first Stanley Cup triumph since 1931.

The Canadiens won the coveted world championship trophy last night by taking a 5 to 4 "sudden death" overtime decision from the Chicago Blackhawks to gain a clean sweep of the four games of the final playoff series.

And by scoring the winning goal after nine minutes and 12 seconds of overtime after setting up all four Canadian goals during the regulation 60 minutes, Blake bagged a scoring record for himself.

Roll Offs Get Under Way At Elks Monday

Roll-offs for the four leading teams in the Elks' League will begin Monday, April 17th. All matches to begin at 7:30. Winners will be determined on the basis of two games out of three.

On Monday Struthers Wells No. 1 will meet Times-Mirror, while Turner Radio will meet DeLuxe Metal. No matches will be rolled Tuesday it being a meeting night. Wednesday will see South Side Market against Struthers Wells No. 2 while New Process Co. will clash with the strong Simonsen team. On Thursday it will be Geracimos vs. Penna Furnace while on the other alleys Soda Mineral will test the metal of the Style Shop boys. Friday will see Harvey and Carey attempt to subdue the spirited Kierberger outfit and across the way fur will fly when Texas Lunch does battle with the Warren Baking Co. hopefuls.

The week of April 24th will find the winners of these matches meeting to determine the division championships. After the division winners are decided the Exalted Rulers and Loyal Knight winners will roll a five game match while the Leading Knights and Lecturing Knights are battling it out in another five game series: both on the basis of three out of five. The winners that emerge from this parring will meet in a seven game series to decide the Club Championship. Dates for these matches will be announced as soon as next weeks games have been completed.

Tournament To Start Sunday At Penn Center

The first squad of singles and doubles tournament goes on at the Penn Bowling Center Saturday afternoon with sixteen teams from Franklin taking over the runways.

There will be open bowling on all alleys Saturday afternoon from two to five and Saturday night from eight to twelve. Open bowling Sunday afternoon from two until six.

Mexico City, April 14.—(P)—The owners of Mexico's two Kentucky derby entries, Seeing Eye and Don Jose H., announced today that because of lack of transportation the horses will not be taken to Churchill Downs. Don Jose H. is owned by Bruno Pagliai of Mexico City. Ben Smith of New York and Jose Herrera of Venezuela and Seeing Eye by G. Z. Carranza.

Caldwell, Idaho, April 14.—(P)—Members of the Rod and Gun Club here don't propose to be deprived of their angling this year because of gasoline restrictions on pleasure driving—not if this plan works. The club has planted 25,000 trout in the municipal park pond. Come August, they'll remove the fish to irrigation ditches which thread the town and surrounding area, then cast for them from their front lawns.

Political Spotlight Turns On Maine and Connecticut

MANY DELEGATES REMAIN UNPLEDGED

Hartford, Conn., April 14—The Connecticut Republican convention unanimously proposed today that Governor Raymond E. Baldwin's name be presented to the national convention "for consideration as nominee for president," and then quickly elected a slate of 16 unpledged delegates to the convention.

Bangor, Me., April 14—Maine Republicans, in their three congressional district conventions today, named to the party's national convention three delegates currently sympathetic to the presidential aspirations of Gov. Thomas E. Dewey of New York and three who are undecided.

(From Page One)
day for the Republicans, with Arizona picking 8 delegates, Idaho 11 and Virginia completing its state of 13. Iowa Democrats will name a fourth term delegation with 20 votes the same day.

Hollandia Harbor Defenses Blasted In Massive Attack

(From Page One)
Adm. Lord Louis Mountbatten, Allied Commander-in-chief in the southeast Asia theatre, made what apparently was a flying trip to the besieged Allied base of Imphal near the Burma border last Saturday and held a half-hour conference with the garrison's commander.

A new threat to the all-important Bengal-Assam railroad was revealed when Mountbatten's communique today reported the presence of an enemy force near the jungle track leading over the mountains from Bishenpur on the Imphal plain to Silchar on a branch of the railroad 65 airplane miles to the west. There was no indication of the size of the enemy force.

Air Offensive On Continent Is Continued

(From Page One)
ffenhofen and hangers at Lechfeld.

These fighters knocked 51 Nazi planes out of the air and at least 27 on the ground, while bomber gunners sent down 25 more.

The other 35 planes in the day's bag of 138 fell to U. S. 15th Air Force gunners and pilots winging from Italy to hammer a Messerschmitt plant at Gyor, 70 miles northwest of Budapest, at nearby railway car shops and machine shops, the airfield and ammunition plant at Tokol 11 miles southwest of Budapest, and another tidrome 10 miles from the capital. The 15th Air Force also bombed railway forges in Yugoslavia. Probably 500 bombers and as many fighters flew from Italian bases on these raids.

Other Allied bombers raked the invasion coastal area during the day.

The Germans sent "a small number" of planes over south-east England, Essex and the home counties, with some penetrating to London, it was announced authoritatively, and "a small number of casualties were reported." At least two planes were downed.

Reds Closing In on Port of Sevastopol

(From Page One)
tories were celebrated in Moscow with an unprecedented victory salute of 7,456 rounds fired by the capital's big guns, after Premier Stalin had personally announced the news in three successive orders of the day. The usually laconic official communique waxed dramatic as it described the behavior of Axis troops at the battle of Simferopol.

Again the Crimean offensive overshadowed news from other sectors of the front. Except for the capture of Ovidopol, southwest of Odessa, the communique said there was only "fighting of local importance."

Enthusiasm Marks Meeting Of Sportsmen

With over 100 of the members in attendance the regular meeting of the Warren County Field and Stream Club was held last evening at the YMCA. The meet was marked by plenty of enthusiasm and pep and prior to the business meeting the air was blue with tales of last years angling where-in the "big ones" were recalled with zest and imagination.

Discussion was held during the evening on tree planting in the county and a project near Pittsfield came in for much attention. There was also some talk relative to planting projects of various shrubs, trees, etc., which will provide food for game. The young beeches and wild grapes afford feed plenty for the small game and birds and every effort will be made to get many planted in the woodlands of this section. Growth of bushes, berry and others, on game preserve lands also came in for discussion.

J. Allen Barrett showed some most interesting moving pictures for the crowd. Some of them depicted the spawning of trout and this was most pleasing.

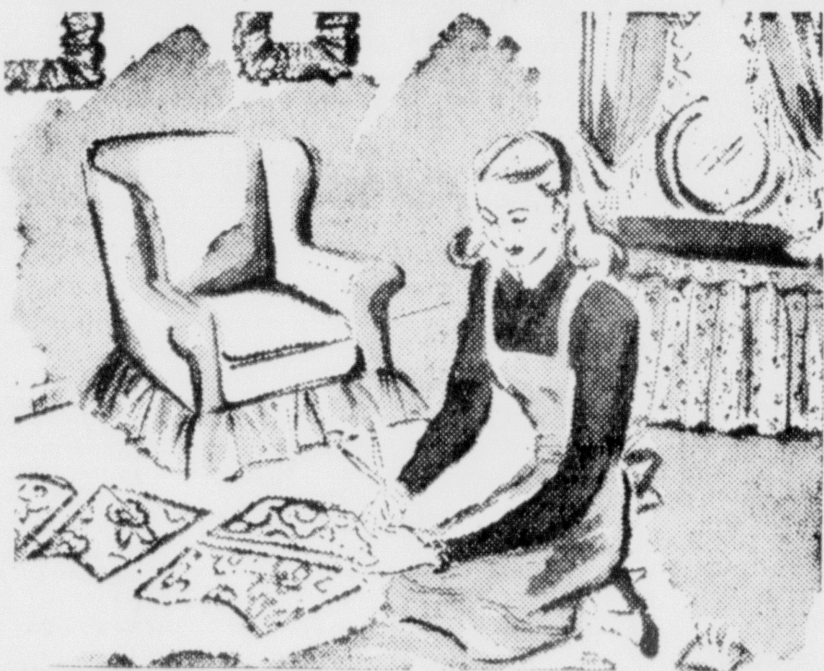

Four Injured In Car Crash At Starbrick

What might easily have been a motor car crash with most serious results took place near Starbrick this morning shortly after midnight. A car driven by Harold P. Bush, RD Pittsfield was traveling west with men from Struthers. Wells plant on their way home after changing shifts. At Starbrick another car driven by Mrs. Ora McIntyre and the Bush car came together head on. Both cars were damaged to the extent of \$150 each.

An ambulance was summoned and Harold Bush, Pittsfield, Michael Elinski, Irvine, Paul Gibson, Irvine and Peter Arp, Youngville were taken to the hospital. All were bleeding copiously. Examination showed Bush to be suffering from brush burns and bruises and Elinski had a laceration over the left eye. After treatment they were discharged. Gibson and Arp both had lacerations of the scalp and were admitted to the hospital. Clark Hutley, Youngville was also in the Bush car but unhurt.

The wrecked cars were taken to the 90 garage by a wrecker which cleared the road. Investigation of the crash was made by the Highway Patrol.

LUDLOW

(From Page Eight)
ing followed. A paper entitled "Aviation Training During the War", prepared by Mrs. B. K. Connelly and read by Mrs. Enoch Nelson, was of much interest. Lunch was served by the hostess. One guest was present, Mrs. Elmer S. Jones.

Several friends helped Mrs. Arthur Christensen celebrate her birthday on Monday evening, April 11, at her home. She was given many lovely gifts. The guest of honor served coffee late in the evening.

Word has been received from Steve Franzos stationed in England concerning the special honor afforded Herbert Anderson of Ludlow, son of Mrs. Elma Anderson. It should be of real interest to all in Pennsylvania. The city of Nottingham, England, want the boys from the United States stationed there to feel a part of the city and to be happy there so have made a club-house for U. S. boys. For the dedication of this building, one boy from each state was chosen to attend the dedication dinner and Private Herbert Anderson of Ludlow and Warren was the man chosen to represent Pennsylvania. The place-cards used at that dinner are to be kept as memorials of this war dinner paying special tribute to boys of an allied nation. Private Anderson

found it coincidental that the representative from Missouri had as his home town a Ludlow also. Mrs. Anderson resides in Warren and is remembered as Miss Jane Brown of Union street.

Radio Operator Francis Olson, who has been overseas in the Pacific area for two years, returned to his home on Tuesday morning. His parents, Mr. and Mrs. August Olson, received a telegram of his arrival in this country a week ago last Friday. He was sent to Fort Meade and came to Ludlow from that place for a furlough. He is one of the first Rotation Troops back. His sister is Mrs. Harry Keim of Warren.

Seaman Clarence Anderson of Norfolk, Va., is visiting his parents, Mr. and Mrs. Axel K. Anderson.

Sgt. Cecil Nelson, who was on leave for a few days, returned to Camp Lee last week.

Staff Sgt. Milton Swanson of the Marines, who has been stationed in the Virgin Islands, is on furlough at the home of his mother, Mrs. Freda Swanson.

Lt. Tony Morelli, of Fort Meade, spent the Easter weekend with his mother, Mrs. Elizabeth Morelli.

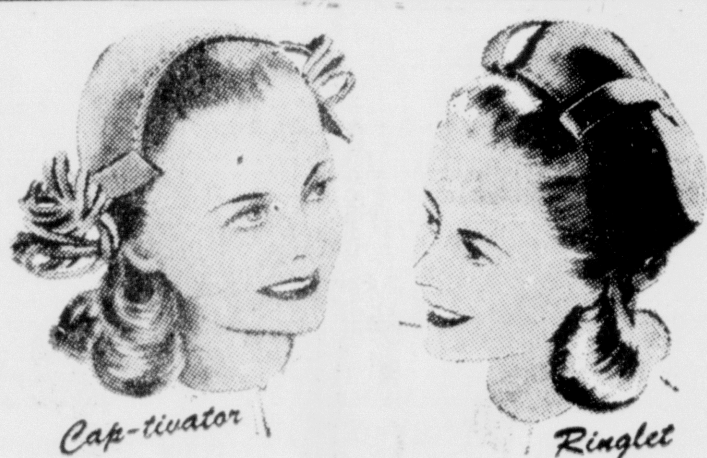

Mr. and Mrs. Oscar E. Carlson of Buffalo were Easter guests at the home of Mr. and Mrs. C. J. Carlson. Mr. Carlson was one of the Ludlow draftees sent to Erie on Friday.

Mr. and Mrs. Kenneth Young-

berg and sons of Erie were Sunday guests at the home of Mr. and Mrs. Aaron Aisen.

Mrs. Karl E. Olson arrived in Ludlow last week after having spent five weeks in Cumberland. Pa. Lt. Karl Olson has been stationed at Indiantown Gap for that time but expects to leave there shortly.

Mr. and Mrs. Wm. Gunardson of New York arrived in Ludlow for the Easter holidays. Mr. Gunardson returned to New York on Sunday night but Mrs. Gunardson
